

ACTIVITIES 2001

0. General situation

The association embarked on some major initiatives within its internal structure and with regard to its objectives mentioned in its Articles of Association.

Taking into account the political and economic hardships experienced in 2001, Udalbide channelled its efforts into basic infrastructures (internal organization, organization of the head offices, etc.) and into its programme of objectives.

1. Activities

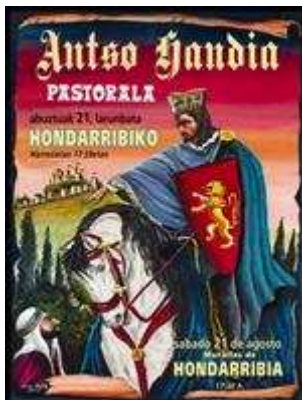

All the initiatives carried out were developed in areas of competence of town councils.

Udalbide has maintained relations with many citizens and associations. It has listened to their concerns, providing assistance insofar as it has been able to do so. Associations, the media and schools, etc. have been the ones who have received aid from Udalbide, all of them from Euskal Herria, although aid has been especially destined for Nafarroa and Iparralde.

GRANTS AWARDED IN 2001: 440.900 €

✓ Foro Irun XXI Eta Euskokultur *	144.000

* **FORO IRUN XXI** and **EUSKOKULTUR (144.000 €)**: The Irun XXI Forum and Euskokultur will be organizing several cultural activities in commemoration of the thousandth anniversary of the coronation of King Sancho III the Great of Navarre.

The activities to be carried out are:

- Creation a cantata.
- Depiction of the era via a theatrical performance.
- Historical research into society at that time.
- Construction of a monument together with the town council of Hondarribia to commemorate the thousandth anniversary of King Sancho III the Great of Navarre on the hillside of Mt. Jaizkibel, beside Cape Higer, from where the three administrative territories of Euskal Herria can be made out. Hondarribia was considered to the ideal location due to its central position in Euskal Herria and its historic bond with the Kingdom of Navarre.
